

HAVE YOU EXPERIENCED POSTPARTUM PSYCHOSIS?

We want to hear your story.

THE MGH POSTPARTUM PSYCHOSIS PROJECT

Researchers at Massachusetts General Hospital are trying to learn more about postpartum psychosis and improve treatment for patients in the future.

WHO IS ELIGIBLE:

- Experienced a psychotic episode within 6 months of a live birth, stillbirth, or IUFD in the past 10 years
- Fluent in English
- 18 years old or older

WHAT PARTICIPATION ENTAILS:

- Brief screening call
- One-time phone interview
- Saliva sample collection via mail for genetic analysis
